

DO YOU LIVE IN DONCASTER

WE ARE
MACMILLAN.
CANCER SUPPORT

HAVE YOU BEEN AFFECTED BY CANCER?

Doncaster Cancer Survivorship Action Group would like to hear from you.

The newly formed group, run by people who have experienced cancer, would like your help to improve the support provided for people living with and beyond a cancer diagnosis.

This is your chance as someone who has had a cancer diagnosis, a carer, family member or friend, to help make a difference.

Your views matter.

This is your chance to change and improve cancer support in Doncaster.

Please come along on 20 October and ensure your voice is heard.

 **Tuesday 20 October 2015**

 **Doncaster Racecourse, Ledger Way, DN2 6DD**

 **Drop in any time between 2pm and 6pm**

Together Macmillan Cancer Support and Partners are working across the borough to improve cancer care. We have listened to people affected by cancer locally and are supporting and informing them to make their own choices for their life and their cancer.

"We formed the group to ensure people affected by cancer have a voice and can make a difference. Please come along on 20 October to have your say and make local cancer support even better."
Brian Wright, Ally Hensaw, Richard Rimmington.
