An overview of the Motability Scheme

What is the Motability Scheme?

Motability is a National Charity which helps disabled people who are in receipt of Disability Living Allowance (higher rate mobility component), Personal Independence Payment (enhanced rate of mobility), War Pensioners' Mobility Supplement or Armed Forces Independence Payment to be able to use this allowance to obtain a car, powered wheelchair or scooter. In this factsheet we have concentrated on the Motability Car Scheme, but if you require further information on the Motability Powered Wheelchair/Scooter Scheme, please contact DIAL Doncaster. Through the Contract Hire Scheme you can lease a new car that is supplied by a Motability accredited dealer for at least three years. Insurance, maintenance and breakdown cover is included. Please note that you may incur a cost for the fitting/removal of any adaptations to the vehicle. You can nominate up to two drivers who may be relatives or friends and parents but they must live within 5 miles of you, the Motability customer. If you are the official appointee for a disabled person or child who is eligible for the Motability Scheme, you can apply for a vehicle on their behalf which means *you* would be legally responsible for the lease agreement.

Motability and Personal Independence Payment Reassessment

It is important that you respond to all DWP correspondence on time to ensure that there is no disruption to your Motability lease.

If you are invited to apply for PIP and are awarded the Enhanced Mobility Component, you are eligible to continue leasing a Motability vehicle. If you are not awarded the Enhanced Mobility Component, you will no longer be eligible for the scheme and Motability will contact you in relation to returning the vehicle.

- If you have at least 12 months of your current allowance remaining then you can go ahead and choose a new vehicle
- If you have less than 12 months remaining and you have received a letter from the DWP inviting you to apply for PIP, you should contact Motability Customer Services on 0300 456 4566 and they will discuss extending the lease on your current car so you can keep it until you find out the result of your reassessment

Financial Help

Motability may be able to offer financial help to their customers (with an existing lease) who would otherwise be unable to afford the mobility solution that they need to remain or become independent. For example, to help towards the cost of:

- Adaptations
- Advance payments on standard production cars
- Driving Lessons

Driving Lessons

A Motability Customer of any age can apply for funding for 40 hours of driving tuition with specially trained instructors in adapted or standard cars. For further details contact Motability on 0300 456 4566. There is no means-testing, so any Motability customer is eligible to apply.

Funding is not available for practical or theory tests.

Driving Mobility

Driving Mobility is an independent network of organisations that are recognised by Motability and the DVLA. They can offer advice and assessments to individuals who have a medical condition or are recovering from an injury or accident which may have affected their ability to drive or to get in and out of a motor vehicle. For more information contact the freephone number 0800 559 3636, email info@drivingmobility.org.uk or visit their website at www.drivingmobility.org.uk where you can find a list of local centres.
